PROFESSIONAL SUMMARY

B.Tech Artificial Intelligence and Machine Learning student with hands-on experience in Python, Java, React.js, FastAPI, Flask, machine learning, RAG and AI-powered applications. Experienced in hackathons, project leadership, teaching and student coordination, with a strong interest in AI, problem solving and technology with social impact.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, HTML, CSS
AI / ML: Machine Learning, RAG, NLP, Artificial Intelligence
Frameworks / Libraries: React.js, Tailwind CSS, FastAPI, Flask
Tools: Git, GitHub, VS Code, Arduino IDE
APIs / Platforms: OpenAI API, Gemini API

EDUCATION

B.Tech. in Artificial Intelligence & Machine Learning | Sagar Institute of Research and Technology, Bhopal | Current
Class XII | Govt. Excellence School, Lalburra, Balaghat, Madhya Pradesh | 74.8% | 2024
Class X | Govt. Excellence School, Lalburra, Balaghat, Madhya Pradesh | 92% | 2022

EXPERIENCE

IIT Bombay E-Summit | Participant | Experience & Learning

Participated in IIT Bombay's E-Summit and gained valuable exposure to entrepreneurship, innovation, networking and leadership; an experience that significantly broadened my perspective.

Home Tutor | Independent | Ongoing

Tutor school students independently, with a strong interest in teaching, simplifying concepts and helping learners build confidence.

ACADEMIC PROJECTS

WProcessing with BODH — AI Waste Management Platform

Developed an AI-powered waste management platform concept for waste classification, recyclable-percentage estimation, dumping-site reporting, user activity tracking, GPS-based location capture and route optimization.

MeetOnMemory — AI Meeting Memory Platform

Built an AI-powered meeting management platform and presented the project at SISTec Innovation Hackathon 3.0.

AI-Based Student Performance Prediction

Developed an MLP-based machine-learning application to predict student performance and integrated the trained model into a Flask web application.

Gesture-Controlled Robot Car

Built a hand-gesture-controlled robot car using ESP32, L298N motor driver, Li-ion batteries and webcam-based gesture recognition; demonstrated it in a robotics workshop at MANIT Bhopal.

POSITIONS OF RESPONSIBILITY

Class Representative (CR) | College | Since 2nd Year

Serve as class representative, coordinating communication between students and faculty, representing student concerns, and supporting academic and organizational activities.

Hackathon / Team Leadership | Academic & Innovation Activities

Lead and coordinate collaborative project work during hackathons and technical activities, contributing to ideation, execution and team coordination.

INTERESTS & VALUES

• Chess & Problem Solving
• Artificial Intelligence & Emerging Technology
• Philosophy & Self-Inquiry
• Acharya Prashant Community — following for 1.2+ years; engaged in self-inquiry and efforts to address inner challenges.
• Vegan Lifestyle & Climate Awareness — follows a vegan lifestyle and contributes to creating awareness about climate change.
